MA 653: Network Science
2023
Assignment #1

In this assignment, we will learn how to use the Gephi tool. Using one of the datasets given in the following website http://www-personal.umich.edu/~mejn/netdata/, do the following

- Create a visual map

- Show the different centrality measures

Deliverable: Create a report mentioning the dataset used. In one page, mention the value of the different centrality measures. Include the corresponding snapshots .

Submission date: 15-02-2023

Submission Procedure: Mail the report to the TA, g.puspanjali@iitg.ac.in
